TO: Dr. Thomas S. Osdene

DATE: March 9, 1983

FROM: Fredric S. Newman

SUBJECT: Additives

PRIVILEGED AND CONFIDENTIAL

Dear Tom:

Under cover of this memorandum I am forwarding the list of additives that will appear on the composite industry list of ingredients used by three or more companies.

The composite list has been available to the Department of Health and Human Services since last October. I understand that Dr. Luoto will be inspecting the list this week and may already have done so.

Distribution of this list has been limited to preserve the confidentiality of this list. Permit me to suggest that no copy be made and that you return this copy to me after you have finished with it. Of course, you should feel free to discuss the ingredients on the list with Dr. Hausermann and with your staff if necessary.
